DEGEN

Lindsay Degen's passion for knitting began at the age of three when her grandmother gave her a set of knitting needles and taught her how to stitch. Over the years Degen honed her skills and made a name for herself in her hometown of Mariemont, Ohio, weaving basic thread into unique pieces, each telling a story about her life and experience. In September 2011, Lindsay launched a capsule collection of knit bras, underwear and socks. In 2012, she added sweaters, dresses, leggings and even shoes. The SS13 collection, titled The Revolution Will Be Craftivised, Lindsay embraces the individuality of street style with the Do It Yourself movement.

About

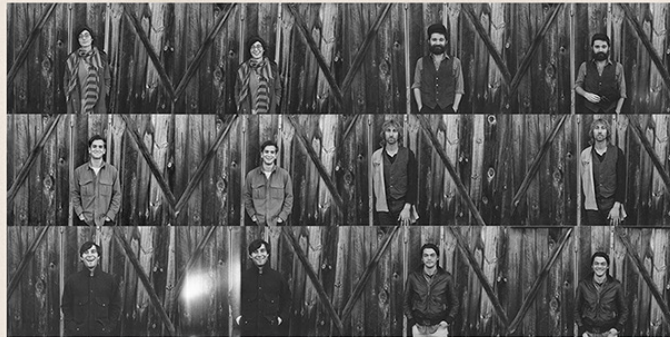

Photo by Lauren Slater

Spirit Family Reunion play homegrown American music to stomp, clap, shake and holler with. Ever since they started singing together on the street corners, farmer's markets and subway stations of New York City, their songs have rung-out in a pure and timeless way. When Spirit Family Reunion gather to sing, there is communion. Strangers and neighbors come to rejoice in the sound, and there is no divide between performer and spectator.

In a strange barroom or a grand music hall, at a barn dance or on the sunny street corner, Spirit Family Reunion keep the book open, and that old familiar feeling that

"Dusty acoustic guitars, wailing fiddles and weeping accordions, with a woozy-yet-skintight rhythm section-- and topped off with burn-edged vocals that sound like they've been soaked in a Mason jar for generations -- it's the type of music that blurs the line between past and present so thoroughly, and so ditty, that time feels irrelevant."

FLORAL & EVENT DESIGN • DAY OF COORDINATION

ALEXANDRA C. TOWNSEND

Whether you are planning a small dinner party or a wedding for 500, flowers may be among the most memorable aspects of your event. By training as an artist and entrepreneur, I have combined degrees in fine arts and business from The School of the Museum of Fine Arts, Boston, and from Tufts University.

A native New Yorker, I am a florist who has worked in flower shops and production companies in New York and Boston, and designing or sculpting floral designs for events in Manhattan since 2008.

I work directly with you to create your day or evening occasion. Your floral arrangements will be uniquely yours and unforgettable.

For more information on Floral & Event Design, and Day of Coordination please contact me at info@thededicatednewyorker.com

“Ronel and I cannot thank you enough for everything that you did to help make our wedding day amazing! The transition from the church to the reception was seamless and stress free and the reception venue was BEAUTIFULLY decorated! There were so many small details that we had not even spoken of beforehand - but yet you somehow made the image in my head totally jump to life - I am still in awe :). And lastly, thank you for making sure that everyone including us got a ride a home!

- Moira & Ronel, May 2012

“I just wanted to tell you again how grateful we are for all the work you did for our wedding. The flowers were gorgeous, the tables and candles were all perfectly done, and everything ran so smoothly that the evening just flowed...and was over way too fast! I really didn't want it to end...and when it did, I wanted to start over again. I know a large part of that was thanks to your expert behind-the-scenes machinations, you were so on top of everything, so helpful--and so cheerful about it all!--that I had complete confidence and felt more relaxed than I thought possible. So thank you!

- Amy & Sean, December 2011

“We cannot thank you enough for EVERYTHING you did to make our wedding day so amazing and so special. The day and evening were flawless, and that was all because of all of your hard work and organization. You went above and beyond and we're extremely grateful. Thank you so, so much.

- Jen & Peter, June 2012

“We thought you did a great job organizing everything and tying up loose ends and the day was so so much smoother since you were there. The guests loved you (and still talk about you) and were very appreciative of the directions you gave to everyone. I was also especially impressed that you somehow hauled the wooden thing over to central park and set everything up! It was also super helpful that you found me place to take my dress to get pressed which was something you really didn't have to do. The bouquet was also beautiful and Aaron even liked his boutonniere! And Aaron, the perpetual naysayer of things I wanted for the wedding, admitted that you were 100% worth it.

- Kate & Aaron October, 2011
